

I have over twenty years of experience in graphic and web design in a wide variety of media, and diverse creative and technical skills to show for it. I work quickly and thoroughly, I learn quickly and thoroughly, and I relish the chance to learn more in the course of my work — and better still, to help others to learn and work more effectively as well.

CAREER SUMMARY

2012 to 2020: Art Director at The Monterey Company

- Designed thousands of emblematic jewelry and promotional products per year, including pins, coins, charms, and medallions.
- Rendered photorealistic proofs for customers.
- Created production-ready technical art for various media including die-cast and die-struck metals, PVC, embroidery, screen printing and offset printing.
- Developed workflows and processes to coordinate and oversee the art department.

2011 to 2012: Software Engineer at CVTech

- Developed an ecommerce platform using technologies including HTML, CSS, JQuery/Javascript, and Ruby on Rails.
- Designed motion graphic advertisements.

2010 to 2011: Graphic & Web Designer at Stratus Media Group

- Lead the design and development of three company websites.
- Created graphics for marketing and operational needs, including logos, advertisements, flyers, posters, tickets, and signs, for various events such as car shows and film festivals.
- Video and audio editing.
- Copy editing.

2002 onward: Graphic & Web Design / Mac Repair & Tutoring as "Geek of All Trades"

2002 to 2010: Technical Assistant at Castellino Training / BEBA
